

# Power BI Engagement Pilot

Are you looking to understand how Microsoft Power BI can unlock your data? Simpson Associates have developed an engagement that allows your organisation to get the service commissioned, users trained and an initial pilot project deployed within a month.

Are you looking to understand how Microsoft Power BI can unlock your data? Are you wanting to get information in the hands of your mobile workforce?

Simpson Associates have developed an engagement that allows your organisation to get Power BI up and running; our packaged offering will get the service commissioned, users trained and an initial pilot project deployed within a month.

You may well have data stored in on-premise data sources or cloud based system such a Microsoft Dynamics CRM, Salesforce, Google Analytics, Azure SQL server. Power BI allows you to quickly access the data and deliver insights for your business.

This engagement will begin by commissioning your Power BI Tenant, installing and configuring the Enterprise Gateway to allow access to your on-premise data sources, it includes training an initial set of users and the development of a pilot project that will be able to demonstrate the value that Power BI can deliver to the organisation.

## What is included:

- Definition of requirements for a relevant business need.
- Commissioning of your Power BI Tenant.
- Installing, configuring and connecting your on-premise data sources to the cloud.
- Build of a Power BI model.
- Build of required reports and dashboards.
- Build of data refresh processes.
- Training delivered to key business users.
- Dashboards deployed to mobile devices.

At the end of the engagement you will have a working Power BI pilot.

## Pricing

The price for this engagement starts at £15,000.
