

Floor Plan Visual Accelerator

The Floor Plan Visual App by Simpson Associates has been designed to work perfectly within Power BI, enabling organisations to view their data on a fully interactive backdrop that makes sense to their users. Simply map any metric you like on top of your custom floor plans, to see instant analysis of real-world locations, giving spatial context that cannot be achieved through standard visualisations.

Implementation Assistance

In order to help organisations kick-start their implementation of the app and enable the value in the technology to be realised more quickly, Simpson Associates have developed the Floor Plan Visual Accelerator.

A packaged service, with 3 options available, the Floor Plan Visual Accelerator allows you to get started with this easy to use, yet powerful and complex app quickly and efficiently. No matter your skill sets or requirements, the Floor Plan Visual Accelerator can help to speed up the implementation from as little as £1200 (plus VAT).

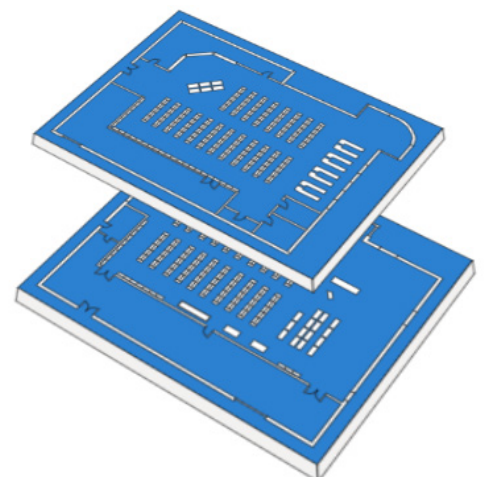

Why choose the Simpson Associates Floor Plan Visual Accelerator?

- ✓ Rapid implementation of the Floor Plan Visual
- ✓ Expert advice on best practice
- ✓ Utilise the expertise of those who built the app
- ✓ Ease pressure on your internal team
- ✓ See value in the app more quickly
- ✓ Get up and running from as little as £1200 (plus VAT)

Power BI Floor Plan Visual Accelerator Packages

Simpson Associates have created 3 packages to help you get started with the Floor Plan Visual for Power BI. No matter your skill sets or requirements, there's a solution to help kick start and speed up the initial implementation.

Package A - Floor Plan Visual Import

This service involves getting your plan in to Power BI – this includes:

- ✓ Converting a Drawing to a SVG
- ✓ Labelling the SVG
- ✓ Converting to WKT format \ Import from AutoCAD

Deliverable: A Power BI file that contains the floor plans ready for you to start delivering your reports.

Price: Starting from **£1,200***

Package B – Floor Plan Modelling in Power BI

This service takes it to the next step and creates a data model to support the floor plan – this includes:

- ✓ Cleansing the Drawing Data if required
- ✓ Model and Match the Floor Plan data with Metrics.

Deliverable: A Power BI data model ready for creating dashboards.

Price: Starting from **£2,400***

Package C - Complete Floor Plan Dashboard

This service offers a full solution to fully optimise the Floor Plan Visual app and includes:

- ✓ Floor Plan Visual import
- ✓ Power BI data model for the Floor Plan Visual
- ✓ Bespoke, impactful design
- ✓ Best practice advice
- ✓ Requirements gathering
- ✓ Commissioning of your Power BI Tenant
- ✓ Installing and configuring the Power BI Gateway for connecting your on-premise data sources to the cloud
- ✓ Build of data refresh processes
- ✓ Build of required reports
- ✓ Build of required dashboards
- ✓ Optional Power BI training

Deliverable: A complete Power BI Dashboard with Visualisations.

Price: Starting from **£9,995***

*All pricing is exclusive of VAT and dependent on requirements. The image below represents a standard plan that pricing has been based on as a guide. Simpson Associates are happy to quote based on individual requirements.
